

TarryBoards™

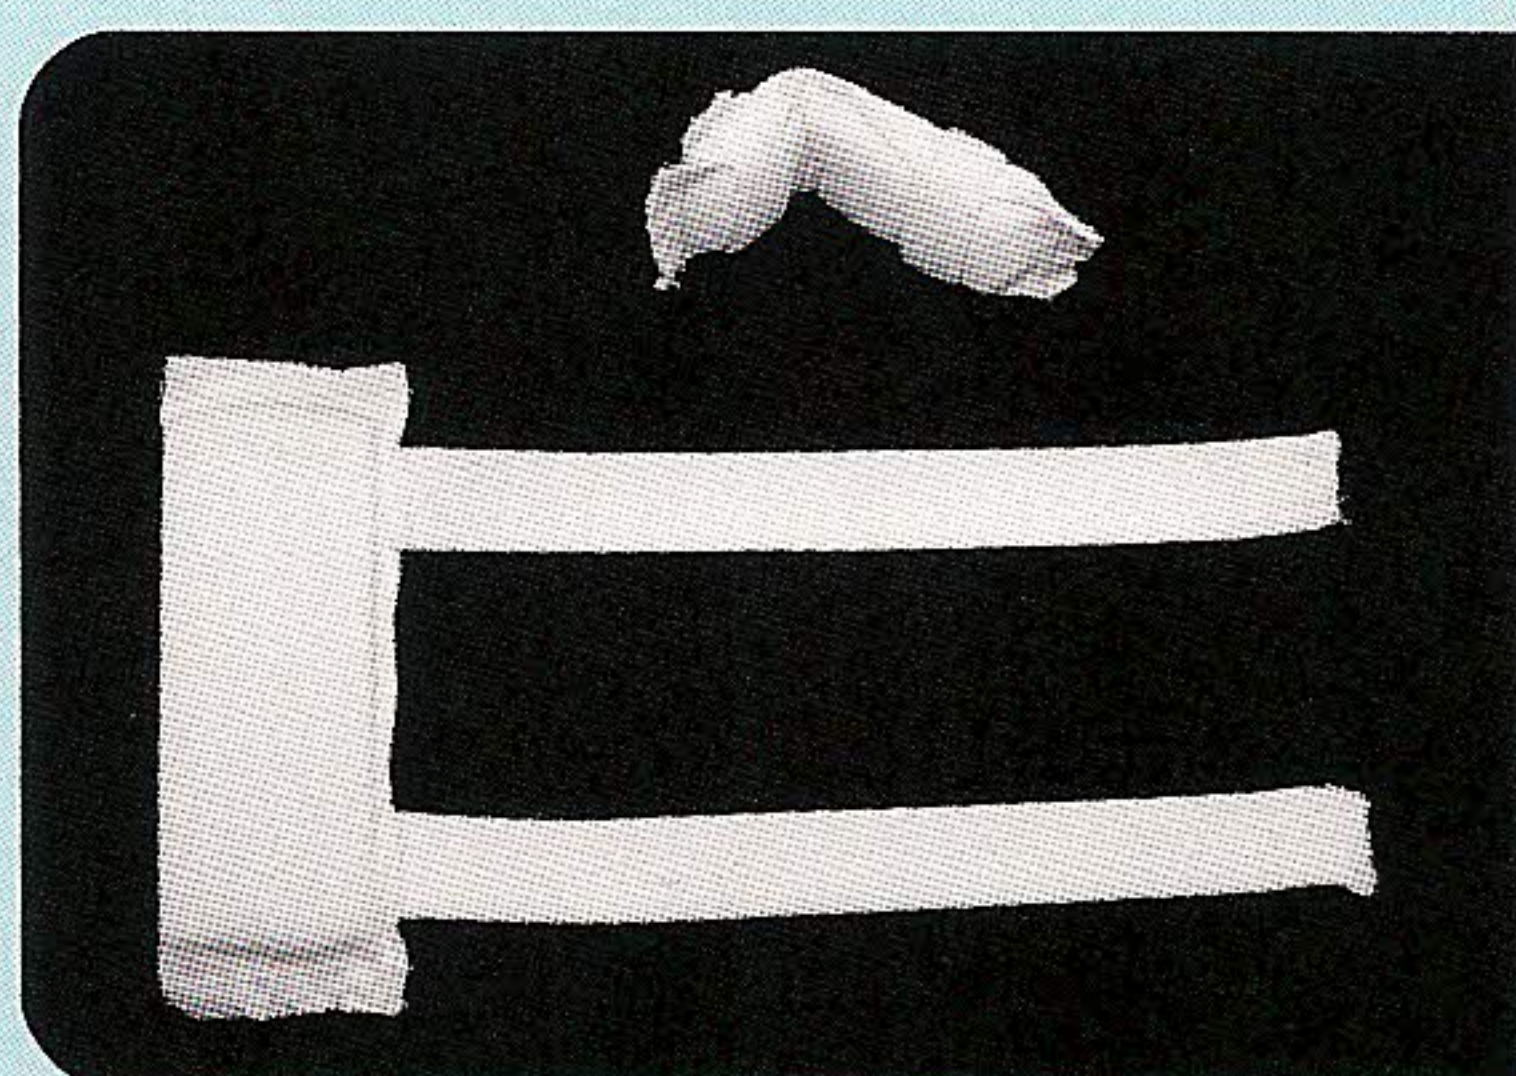

BENDABLE

Bendable TarryBoards allow you to position and immobilize small limbs into virtually any position. They feature a bendable aluminum core that can be formed into almost any shape; and contain the same soft padding and exterior covering that makes TarryBoards better than the rest!

- Provides patient comfort while supporting the I.V. site
- Handy adjustment tab at either end
- Colored end-threads make identification easy versus other Tarryboards
- Covered in soft spun fabric
- Single patient use
- Latex-free
- Made in the U.S.A.

5 Sizes of bendable TarryBoards
